Mission

We are a learning community dedicated to discovery, innovation, collaboration, and excellence. We are committed to creating personalized learning opportunities that are flexible and relevant in an environment that supports student wellbeing. We aim to cultivate self-directed and bold lifelong learners who make meaningful contributions to the world.

Experiential and Flexible Learning Opportunities

World Language Exchange Program: Our World Language Department coordinates an exchange program for all sophomores. The program is based upon reciprocal partnerships with schools in Argentina, China, France, and Germany. Students spend 15-20 days abroad – living with a host family, experiencing school and daily life. In return, our families receive students from partner schools for a similar program. In 2020 and 2021, the exchanges were regrettably cancelled due to COVID-19.

Discovery Term: Our students participate in two-week Discovery Terms at the end of the freshman and junior years. They investigate areas outside the regular curriculum, either in short-term courses or, for juniors, through a Work Experience program.

Leadership in Crisis Program: In response to these extraordinary times, we are offering a cross-curricular program through the Center for Community Engagement (CCE) titled Leadership in Crisis. The program includes two half-credit courses in *Leadership in Practice* and *Arts & Crisis Leadership*, as well as two full-credit interdisciplinary courses that examine both the current crises and precedents through the lenses of U.S. History and Literature.

Summer School: We offer summer school courses in U.S. History and Creative Writing. The U.S. History course incorporates on- and off-campus instruction, including exploration of notable historic sites around our state as well as travel to Williamsburg, VA and Washington, D.C. The Creative Writing course takes the form of a writing studio while exploring various genres, elements, and techniques. Both courses fulfill graduation requirements.

Away Programs & Online Courses: Our students engage in programs such as High Mountain Institute and the School for Ethics & Global Leadership, and pursue online coursework through approved vendors such as Virtual High School and Global Online Academy.

Calendar and Schedule

In keeping with our strategic plan to create time, space, and flexibility in support of individualized learning opportunities, we moved from a trimester to a semester calendar in August 2020. In addition, we changed our daily schedule: classes meet twice a week for 80 minutes each. We designated Wednesday as “Flex Day” most weeks, to allow community members time to expand and support experiential and service learning, social and emotional health, and community building.

School Discipline Reporting Policy

The school reports suspensions and provides a written explanation; we expect students to do the same.

COVID Statement

In March 2020, our students and faculty returned from Spring Break and transitioned directly to virtual distance learning for the entirety of Trimester 3. Students had complete term grades for all three trimesters; graduation requirements remained unchanged. This school year began in full virtual mode in mid-August 2020 and transitioned to a hybrid model at the end of September, with most students attending class half-time in-person and half-time. Some students opted to attend fully remote. For further information on the school’s COVID-related protocols, please refer to the united.cary.academy.

Graduation Requirements

Students must take a minimum of 5 full credits each year and a minimum of 21 total credits, to include 4 credits in English; 3 credits each in Mathematics (with a minimum of Algebra II), History, Science (biology, chemistry and physics), and World Language. In addition, students must take 2 credits in Fine Arts, as well as Health I and II.

No Rank/No GPA Policy

Because our graduating classes are small our programs highly rigorous, and our range of grades narrow, *it is our policy to neither rank our students nor compute GPA*. Instead, we provide a junior year grade distribution.

Grade Distribution

Advanced (ADV) Course Information

We offer ADVANCED (ADV) courses in lieu of Advanced Placement (AP) courses. These courses, our highest level, are taught with the rigor and expectations of AP courses but allow teachers to emphasize areas of study not prescribed in the AP syllabus. Typically, ADV courses are open only to juniors and seniors.

In 2020-2021, the school offers 35 Advanced (ADV) courses. Juniors are limited to a maximum of FOUR (4) credits of ADV courses. Seniors may take a maximum of FOUR (4) credits of ADV courses if carrying a load of six academic courses; they may take a maximum of FIVE (5) credits of ADV courses if carrying a load of five.

Curriculum notes are as follows:

ENGLISH: All semester electives for juniors and seniors are offered at both the regular and ADV level. During the 2019-2020 school year, English was not offered at the ADV level in Trimester 3.

MATH: ADV Calculus I & II is by invitation only.

SCIENCE: ADV Biology, ADV Chemistry and ADV Physics-Mechanics meet additional periods each week with no additional credit awarded.

WORLD LANGUAGE: All semester electives are offered only at the ADV level. During the 2019-2020 school year, all trimester electives were offered only at the ADV level. ADV Studies-Spanish Literature is a year-long course.
